Supplier agrees to pay to Buyer any penalty or damages imposed upon or incurred by Buyer resulting from the failure of Supplier to deliver the goods ordered in accordance with the quantities, schedules and shipping instructions stated in this purchase order.

5. CERTIFICATE OF CONFORMANCE:

All Suppliers will certify that any materials, processed and finished items supplied under this order were inspected and/or tested and conform to the requirements of this order. Retained supporting documentation from Suppliers and Manufacturers must be available upon request and maintained per "Product Records" clause 8.

6. CHANGES:

Buyer may at any time, by a written order, make changes within the general scope of this order of any one or more of the following: (1) Drawings, designs, or specifications, when the supplies to be furnished are to be specially manufactured in accordance therewith; (2) Method of shipment or packing; (3) Place of delivery; or (4) Delivery schedule. If any such change causes an increase or decrease in the cost of, or the time required for, performance of this order, Buyer shall make an equitable adjustment in the contract price, delivery schedule, or both, and shall modify this order in writing. Supplier must assert its right to adjustment under this clause within twenty (20) days from date of receipt of the written order. However, if Buyer decides that the facts so justify, then Buyer may receive and act upon a proposal submitted before final payment of this order. However, nothing in this clause shall excuse the Supplier from proceeding with this order as changed.

7. PRODUCT DESIGN CHANGES:

No product design changes by Supplier are authorized until Supplier first obtains the signature of Buyer's authorized representative, as identified on the first page of this purchase order.

8. PRODUCT RECORDS:

A method must be established by the Supplier for the retention of any records of processes, inspections, tests and / or evaluations performed during production and acceptance of Supplier's product. Records must be available for review by the Buyer, their customer, and / or regulatory authorities. Records must be maintained indefinitely unless contractually agreed. Records of this agreement are to be maintained by both parties.

9. PRODUCT RECALL:

Supplier must immediately communicate to Buyer on any identified nonconforming or potentially nonconforming product, including any product that has already been shipped. Such a product cannot be shipped without review and a documented approval from Buyer of product disposition. Buyer reserves the right to issue the Supplier a corrective action when a Supplier does not meet Buyer's requirements. The Supplier then has 15 working days to respond to corrective action or Buyer can withhold payment for services. Buyer has the right to return defective product at Supplier's expense. There must be a product recall method established at the Supplier's premises as part of their product control, confirming lot traceability if necessary.

12. TERMINATION:

- a) Default: Buyer may by written notice of default to Supplier terminate this order in whole or in part if Supplier fails to (a) Deliver the supplies or to perform the work within the time specified in this order or any written extension; (b) Make progress to endanger performance of this order or (c) Perform any of the other provisions of this order. However, with respect to the provisions of (b) and (c), Buyer's right to terminate may be exercised if Supplier does not cure such failure within ten (10) days after receipt of the notice from Buyer specifying the failure. In addition to other damages recoverable by Buyer for Supplier's default, Supplier is liable to Buyer for costs associated with re-procurement by Buyer. Supplier shall transfer at the sole discretion of Buyer completed supplies, work in process and any tools furnished by Buyer or by the Customer. Except for default of subcontractors or suppliers of Supplier, Supplier shall not be liable for excess costs if the failure to perform the order arises from causes beyond the control and without the fault or negligence of Supplier. If after termination for default it is determined that Supplier was not in default or that default was excusable, the rights and obligations of Buyer and Supplier shall be the same as if the termination had been issued for convenience of Buyer. The rights and remedies of Buyer in this clause are in addition to any other rights and remedies provided by law or under this order.
- b) For Convenience: Buyer may terminate work without cause under this order in whole or in part at any time by written notice. The notice shall state the extent and effective date of such termination, and upon receipt thereof, Supplier will, to the extent directed by Buyer, stop work under this order and the placement of further orders or subcontracts and shall take any necessary action to protect property in Supplier's possession in which Buyer or the Government has or may acquire an interest. In event of such termination, Supplier shall submit a final termination settlement proposal pursuant to Federal Acquisition Regulation("FAR") Part 49 in effect on the purchase order date and shall do so within six (6) months of the termination. If the Government fails to conduct an audit of Supplier's books and records, an audit may be conducted by or on behalf of Buyer. Except as specifically provided herein, the rights and obligations of Supplier and Buyer are governed by the termination for convenience of the Government clause FAR 52.249-2 except that "Government" or "Contracting Office" shall mean Buyer and "contractor" shall mean Supplier unless the context and FAR Part 49 confers rights upon the Government and/or Buyer. Buyer's liability to Supplier shall be limited to the extent of Buyer's recovery of compensation from the Government. For completed items or materials, Buyer shall either require delivery of all or part of the completed supplies and make payment at the order price, or (without taking delivery) pay Supplier the difference, if any, between the order price and the market price (if lower) at the time of termination. For uncompleted items or raw or semi-processed materials, Buyer shall either require Supplier to deliver all or part of such supplies at the portion of the order price representing the stage of completion reduced by the higher of the market or scrap value of the supplies at that stage of completion.
- c) Insolvency: In the event of any proceedings against Supplier, voluntary or involuntary, in bankruptcy or insolvency or for the appointment of a receiver or trustee, or an assignment for the benefit of creditors of Supplier, Buyer may at its sole discretion terminate this order in whole or in part, subject to all rights and remedies of Buyer at law.
- d) Termination by Buyer under this section shall not relieve Supplier of any of Supplier's obligations with respect to goods or services furnished prior to the effective date of termination.

15. ASSIGNMENT AND SUBCONTRACTING:

Neither this order nor any interest herein may be assigned in whole or in part by Supplier without the prior written consent of Buyer. Neither all nor substantially all of this order may be further subcontracted by Supplier without the prior written consent of Buyer. If this order is issued under a Government contract, it may be assigned by Buyer to the Government and, upon the Government's acknowledgment of such assignment, Supplier shall look to the Government for payment.

16. INSPECTION:

Buyer, Customer and/or the Government have rights to inspect the goods covered by this order either at the place of manufacture or at place of delivery, and acceptance of said goods by Buyer shall be dependent upon final inspection and acceptance thereof by the authorized representative of the Government if Government inspection is conducted. This warranty is in addition to implied warranties to Buyer at law. No approval of design by Buyer furnished by Supplier shall constitute a waiver by Buyer of Supplier's obligations hereunder. In addition to Buyer's remedies at law, Buyer may, for breach of any warranty, and at its option and at Supplier's expense, require Supplier to repair promptly or replace defective supplies or return same for credit, and in addition, Supplier shall be liable for any costs for incidental or consequential damage incurred by Buyer with respect to any defective or delinquent supplies. All warranties shall run to Buyer and its customer.

18. BUYER'S PROPERTY, INTELLECTUAL PROPERTY AND TOOLING:

All inventions, ideas, concepts, trademarks, know-how, designs, specifications, drawings, documents, materials, tools, jigs, fixtures, methods, processes, and other property, provided to, owned, or paid for by Buyer, shall be the property of Buyer, subject to removal at any time without cost or expense to Buyer. Supplier hereby assigns all right, title and interest in any intellectual property rights in such inventions, ideas, concepts, trademarks, know-how, designs, specifications, drawings, documents, materials, tools, jigs, fixtures, methods, processes to Buyer, and agrees to execute any documents needed to further perfect ownership in such intellectual property rights. All property of Buyer shall be identified and marked as such, used only for Buyer's purchase orders and covered by adequate liability, damage, and fire insurance (including extended coverage) for its fair and reasonable value. Supplier shall assume full liability for and maintain and repair all property of Buyer in its possession or control and shall, on request, return the same to Buyer in good condition, reasonable wear and tear excepted. Supplier shall provide Buyer with inventories of all property of Buyer in its possession or control when requested by Buyer and certify to Buyer that all use thereof is expended on Buyer's purchase orders.

19. PRICING:

Supplier warrants that prices for the goods and services ordered are not less favorable than those currently extended to any other customer of Supplier for the same or like goods or services (whether in like or smaller quantities) and are otherwise in accordance with all applicable price laws and regulations. If Supplier establishes or offers a lower price for the goods or services ordered (whether in like or smaller quantities) from the date of acceptance of this purchase order by Supplier to the date goods or services are invoiced to Buyer, Supplier agrees to reduce the prices stated in this purchase order correspondingly.

20. SHELF LIFE:

If a product has a shelf life, it must be received with at least 80% remaining or unless specified otherwise on the Purchase Order.

21. CONFIDENTIALITY:

Supplier shall not make or authorize any news release, advertisement or other disclosure regarding the existence or substance of this purchase order without the prior written consent of Buyer. Supplier shall keep confidential all information provided to Supplier related to the performance of this purchase order, including, but not limited to, statements of work, specifications, drawings, trade secrets, designs, processes and other technical or business information, and shall use such information only in the performance of Buyer's purchase orders. Supplier shall include a provision comparable to this section in all subcontracts relating to the goods or services ordered.

22. TAXES:

All applicable federal, state, and local taxes shall be listed separately on Supplier's invoice, and such taxes shall not be payable if Buyer provides an appropriate exemption certificate. If not listed separately on Supplier's invoice, Supplier assumes responsibility for paying all applicable taxes, and shall indemnify Buyer against all liabilities, damages, fines, penalties, interest, costs, and expenses (including, but not limited to, attorneys' fees) arising from the failure to pay such taxes in a timely manner.

23. REMEDIES AND WAIVER:

The remedies provided Buyer in these terms and conditions shall be cumulative and in addition to any other remedies provided herein, by law or in equity. No waiver by Buyer of any right or remedy under these terms and conditions shall be effective unless in writing signed by Buyer's authorized representative. Neither failure nor any delay in exercising any right, power or privilege under these terms and conditions will operate as a waiver of such right, power or privilege. No single or partial exercise of any such right, power or privilege by Buyer will preclude any other or further exercise of such right, power or privilege or the exercise of any other right, power or privilege. No waiver that may be given by Buyer will be applicable except in the specific instance for which it is given.

24. DISPUTES AND APPLICABLE LAW:

This order will be construed and interpreted in accordance with the internal laws of the State of Minnesota, without giving effect to the conflict of law provisions thereof to the extent such provisions would require or permit the application of the laws of any other jurisdiction other than the State of Minnesota. Any judicial proceeding related to this purchase order shall be in a court of competent jurisdiction in the State of Minnesota in the County of Hennepin. To the extent that Supplier and Buyer have claims against Buyer's Customer, Buyer and Supplier shall reasonably cooperate with each other to prosecute such claims, provided that Supplier's claim is properly substantiated by Supplier, each incurring their own respective attorney's fees, except that Supplier shall indemnify and hold harmless Buyer from any costs or damages arising out of such proceedings. 25. STOP WORK ORDER:

Buyer may at any time by written order require Supplier to stop all or any part of the work under this order for a period of ninety (90) days after the stop order is received by the Supplier, and for any extension of this period to which the parties may agree. The stop work order shall be specifically identified as a stop work order issued under this clause and shall be in writing. Upon receipt of the order Supplier shall take all steps to comply with these terms and all reasonable steps to minimize incurrence of costs allocable to the work covered by the order during the period of work stoppage. Within a period of ninety (90) days after the stop work order is delivered to Supplier or within any extension of that period to which the parties have agreed, Buyer shall cancel the stop work order or terminate the work covered by the order as provided in the termination for default or termination for convenience clauses of this order. If a stop work order issued under this clause is canceled or the period of the order or any extension thereof expires, Supplier shall resume work and Buyer shall make an equitable adjustment of the delivery schedule or contract price or both and this order shall be modified in writing accordingly if the stop work order results in an increase in the time required for or in the Supplier's costs allocable to the performance of this order, provided that Supplier asserts a claim for adjustment within twenty (20) days after the end of the period of work stoppage.

26. DEFECTIVE WORK:

Buyer reserves the right to inspect lots of parts delivered under this order on a sample inspection plan basis. Rejection of the sample shall be cause for rejection of the entire lot delivered (at Buyer's discretion) and any lots so rejected may be returned to the Supplier for replacement as directed by Buyer, at Supplier's expense.
